*Fraser Crescent School is a learning community where we are **Future Focussed, Respectful, Active Adventurers**, who are **Striving for Success, Enthusiastic and Resourceful**.*

**Vision:** *“Connecting today’s children with tomorrow’s learning”*

## Our Kura

Fraser Crescent School is centrally located in Redwood Street Upper Hutt, neighbouring Maidstone Intermediate. The school has an extensive playground area and a large playing field which backs on to Clyma Reserve and the Clyma Park Community Garden. The children at our school come from many areas within Upper Hutt, however the school has a community feel, helped by its smaller size. There are plenty of opportunities for parents, caregivers and whānau to get involved in the life of the school through the various groups which operate within the school.

The school is well resourced and has its own heated swimming pool, a school-wide computer network, bike track and large hall. The school is enormously proud of its sporting achievements, participating in a large number of local sporting fixtures, as well as providing a before school fitness club for the children. We also ensure that we have regular excursions into the wider community, utilising many local recreational facilities.

Fraser Crescent School ensures that its community is well informed of news and events occurring within the school. We have a fortnightly newsletter that goes home, as well as being emailed and published on the school website – [www.fraser cres.school.nz](http://www.fraser cres.school.nz). We also communicate with our wider school community via Facebook (follow Fraser Crescent School). The school also provides regular updates to parents and caregivers about the achievement of their children.

This includes regular reporting and communication with stakeholders.

## Curriculum Principles

**1. Learners know themselves and take positive actions for learning.**

**2. Learners love school, love learning, are curious and engaged.**

**3. Learning competencies are woven through everything we do.**

**4. We learn with our heads, our hands and our hearts - Culturally Competent.**

**5. Learning is purposeful and leads to making a difference.**

At Fraser Crescent School we have a localised and integrated curriculum, centered around both our location and people.

Our six unifying ideas are **Identity & Whanaungatanga**, **Whenua & Sustainability**, **Enterprise & Innovation**, **Culture & Diversity**, **Community & Citizenship** and **Cause & Effect**.

These ideas are explored through all areas of the NZ curriculum, accessible at varying levels. We honour our Mana Whenua Te Atiawa, by following their kawa and sharing their historical records and stories.

## How does our school reflect New Zealand's Cultural Diversity?

The children at Fraser Crescent School represent many nationalities. As it currently sits, **49.33%** of our taura are enrolled as **Pākeha**, **29.33%** are enrolled as **Māori** and the remaining **21.33%** are a mix of a very broad range of cultural backgrounds including African, Irish, Chinese, Cook Islands Māori, Filipino, Indian, Korean, Latin American, Samoan, Sri Lankan, Tokelauan and Tongan.

## How does our school reflect the unique position of Māori?

We follow the kawa and tikanga of our Mana Whenua, Te Atiawa. Fraser Crescent School continues to work on maintaining its relationship with Ōrongomai Marae and regularly seeks feedback and support from Māori Achievement Collaborative. We hold annual *Whānau of Māori Hui* to gather Māori voice, concerns and suggestions on a range of topics.

## What reasonable steps will the school take to incorporate Tikanga Māori and Te Reo into the school curriculum?

Our curriculum explores Kaupapa Māori, promotes values close to the heart of Māori and follows Tikanga Māori. All staff take part in *Te Puna Reo* online courses and deliver this content in Te Reo to their students. We run Kapa Haka, Kaea Roopu and Te Reo extension for our taura who have a passion for, or great skill, in one of those areas.

## What will the school do to provide instruction in Te Reo Māori for full time students whose parents request it?

Presently there are teaching staff within the school who could run an immersion programme, however all our classrooms are currently mainstream, so significant restructuring within the school would need to occur to meet such a request. If required, assistance may be provided to find another school appropriately equipped to provide such a programme, whilst Fraser Crescent School is not in a position to adequately establish an immersion programme.

## Fraser Crescent School - Strategic Plan 2022 - 2024

*Connecting Today's Children to Tomorrow's Learning*

### STRATEGIC GOALS

#### Empowered People

Strategic Goal One:

Create a collaborative, supportive, innovative and risk taking culture with all learners (students and staff).

#### Vibrant Learning Places

Strategic Goal Two:

Enhance our environments to maximise opportunities for all.

#### Engaging Curriculum

Strategic Goal Three:

Engage and empower our staff to embrace and activate our Fraser Curriculum.

### STRATEGIC INITIATIVES

- Develop a positive and connected staff culture that promotes well-being.
- Staff have a rich, future-focussed tool kit to empower them to activate our curriculum of Tomorrow's Learning.
- Students are partners in creating and leading engaging learning programmes.

- Classrooms are modernised, and learning spaces support and enable our curriculum principles.
- Spaces throughout the school reflect the bicultural nature of Aotearoa.
- Students are connected to learning opportunities in settings beyond the classroom, including in the community, at home, online and beyond.

- Review, rewrite and activate our Fraser Curriculum.
- Bring our 5 curriculum principles to life in all that we do.
- Connect our students to a rich, localised curriculum which caters to the needs, passions and talents of our diverse learners.

### SUCCESS

Our people positively collaborate to engage all learners in success.

Our learners experience rich learning opportunities across a range of settings, reflective of the unique bi-cultural nature of Aotearoa.

Our children know themselves as learners, using their strengths and competencies purposefully to make a difference in their lives.
